Number of Projects	Number of Papers	Number of Cases
1	0	0

Exams:

Number of Exams*	Exam Format
4	Multiple Choice

*Including Final Exam

Class Format and Books:

Teaching Style	Required Textbook Cost
Powerpoint; Lecture notes	

Comments Regarding Professor
I loved having Raskie as a Professor because he encouraged asking questions in order to connect information between his class and the real world. This is a very valuable skill due to its primary content being on one's financial management.

Comments Regarding Course Content
I felt this course was one of the most valuable ones I have ever taken at this University due to its realistic nature. It's something I believe everyone in life would find beneficial.

Comments Regarding Professor
Professor Raskie is one of the best teachers I've had at U of I. He was very helpful, patient and fun. He really tried to make class fun and informative. He also utilized his office hours to help students make decisions on internships/full-time jobs by reviewing their benefits packages.

Comments Regarding Course Content
This class should be mandatory for everyone to take. It goes over things like auto/home/health insurance, retirement savings, trusts, tax savings, etc. which are super useful to know as a college student/graduate. I would recommend everyone to take this class.
