Comments Regarding Professor

Chunfeng is awesome. He is super relaxed and soft-spoken and I genuinely enjoyed going to class each day. He really wanted to make sure that the class was enjoying themselves and understood the concepts.

Comments Regarding Course Content

Very interesting topics regarding an introduction to the media. Final project was pretty fun, as well. 400-word essays every week might seem a little time consuming, but it's a lot easier to write them than you would think (especially because the prompts are cool). Definitely would recommend as an advanced comp!
