Exams:

Number of Exams*	Exam Format
3	Multiple choice; Free response; True/False

*Including Final Exam

Class Format and Books:

Teaching Style	Required Textbook Cost
Powerpoint; Lecture Notes	

Comments Regarding Professor

Scott is very intelligent and is fun to listen to. He brings up relevant examples and demonstrates exactly what he is looking for when he grades exams. He is fair and makes himself available for further support.

Comments Regarding Course Content

The content can be very difficult at times. The mathematics behind the concepts can be swept under the rug, making the content seem even more rushed.

Comments Regarding Professor
One of my favorite professors of all time

Comments Regarding Course Content
Linear Programming was a little difficult but professor was always willing to answer any questions

Comments Regarding Professor
Really patient with students, yet can increase the teaching pace.
